2.2 Approval Process

Responsible Person	What Happens
Employee or someone on their behalf	Notifies supervisor immediately of absence due to illness.
Manager/Supervisor	Ensures adequate sick leave credits exist and if absence is to exceed 10 working days, Wellbeing Coordinator is notified and a Return to Work form is provided to the employee. If longer term absence, ensures the leave system is updated to reflect the absence.
Employee	Submits leave request via e-leave for sick time. Submits Return to Work form as required.
Manager/Supervisor	May advance sick leave credits if required, in consultation with the Wellbeing Coordinator.

2.3 Accumulation of Sick Leave Credits

WHEN the employee...	THEN...
Commences work after the first 10 working days of the month:	They begin to accumulate credits the following month
Is on a leave without pay or suspended from duty for more than 1/2 the number of working days in the month:	No credit is given for that month.

2.4 Advancing Sick Leave

Additional sickleave with pay may be granted up to a maximum of 15 working days where an employee does not have enough sick credits to cover the period of illness, **and** it is expected that the employee will be able to return to work within a short time. The Supervisor is responsible to approve the request for advancing sick leave after discussing with the Wellbeing Coordinator.

When the employee returns to work, the advanced sick leave is deducted from new sick leave credits as they are earned, before any further accumulation can take place. If an employee terminates employment, the advanced sick leave is recovered from any amount owed to the employee at the time of termination.
